ABOUT OUR COMPANY

4stin construction subsidiary to 4stin group , founded in 2012.

Our company, which is ISO 9001 certified, is leader in providing services in construction field with its excellent professional staff and equipment by following Australian health and safety strategy, as well as international classifications systems for products and services within its operations..

4stin Construction's services are available to NGOs, Governments, Oil Companies, International Companies. Our company is a full-service construction firm offering design services, preconstruction, construction management and general contracting services to meet our clients' needs.

We are dedicated to maintaining commitments to each and every one of our valued customers. With over 50 projects fulfilled under our supervision, we take great pride in the reputation we have built with clients.

At 4stin construction we protect our reputation for excellent customer service while providing the highest quality with competitive pricing. We make this possible through our absolute insistence upon utilizing responsible staff qualified for the specific project and maintaining open dialogue with our past, current and potential clients. One of our Principals is always involved with each project.

We integrate with the building team, owners, architects and other concerned parties. Projects are consistently completed in a timely fashion because of our structured organizational and time management skills, benefiting subcontractors and promoting better pricing on subsequent projects.

ABOUT OUR COMPANY

MISSION

Our mission is to provide builder services that surpass our Clients' expectations. We will accomplish this through the selective use of responsible qualified persons, by hiring and retaining first class employees, and by approaching the building process with honesty and integrity. This will provide the foundation for long term customer relations and growth. We are committed to the success of our Clients, our business partners, and our employees.

VISION

Our Vision is to create and maintain an organization of highly skilled construction professionals that serve our Clients' needs with honesty and integrity. To provide an environment that promotes personal growth and self-pride..

VALUES

Ethics. We are uncompromising in our integrity, honesty, and fairness. Safety & Health. We are relentless in keeping people safe from harm, and we provide a healthy work environment. Quality. We are passionate about excellence and doing our work right the first time. Our reputation depends on our delivered value in the eyes of every customer and community. People. We inspire each other with important work full of purpose, challenging development opportunities, and rewarding careers. We aspire to be the employer of choice in our industry. Culture. We actively build a diverse, inclusive, and collaborative work environment where all views are welcomed, openness is encouraged, and teamwork and merit are cornerstones. We are proud of what we do and how we do it—and we enjoy doing it! Relationships. We build positive, long-term relationships with our customers, joint-venture partners, subcontractors, suppliers, and colleagues that are built on trust, respect, and collaboration. Innovation. We develop and apply world-class technology. We listen, learn, and seek out the best ideas. We attack complacency and continually improve. Sustainability. We improve the quality of life in communities where we work by respecting local cultures, engaging local people, and protecting the environment.
